Spring Carnival Special Edition

October 2009

What a day! Despite the rain showers that swept across Papakura from time to time, the Spring Carnival was an absolute sensation, once more the biggest event we hold in the town centre. So much to see and do and so much fun for families all in one day.

To all those who took part and helped make the day a huge success, well done!

We thought it was so good it was worth making a special commemorative edition of Heartbeat. Enjoy these pictures and by all means pass them on to friends, family and your business networks...
